## **MISSION STATEMENT**

Graduate programs at Walla Walla College support the mission of the college and assist students as they acquire advanced knowledge and expertise in their fields of study within the context of Christian faith. To this end our faculty and students are committed to: 1) quality in scholarship and research; 2) the development of social, moral, and spiritual values; and 3) the integration of learning, faith, and service.

## **GENERAL INFORMATION**

Walla Walla College is a Christian institution of higher learning operated by the Seventh-day Adventist Church since December 7, 1892. It is located in the city of College Place, in the historic, fertile Walla Walla Valley of southeastern Washington. The Old Oregon Trail, passing west of the campus, leads directly to the nearby Whitman Mission National Historic Site. The scenic Blue Mountains to the east and the Snake and Columbia Rivers to the north and west offer opportunities for recreation and relaxation.

Walla Walla College is committed to equal opportunity for all students. It does not discriminate on the basis of sex, race, age, color, handicap, national and/or ethnic origin in administration of its admissions, educational, financial, employment, and student life programs and policies, or any other college administered program.

The College provides for the attendance and academic success of handicapped students. The campus and a number of buildings have been modified to provide easy wheelchair access.

Walla Walla College seeks to foster an intelligent understanding of Christian ideals, loyalty to God, and service to humanity; and to offer an educational experience encouraging the formation of character marked by a full, harmonious development of the intellectual, physical, and spiritual powers.

The seventh-day Sabbath is observed at Walla Walla College from sunset Friday to sunset Saturday. Instructional activities are not conducted during these hours.

## **PROGRAM ADMINISTRATION**

Graduate programs are directed and supervised by the Graduate Council, which is the legislative body responsible for all graduate academic policies and curricula. Actions voted by the College Board, Faculty-in-session, or the Graduate Council at any time shall have equal force to, or if necessary shall supersede, statements published in this bulletin.

## **DEGREES OFFERED**

The College offers courses of study leading to the following graduate degrees:

- Master of Arts
- Master of Education
- Master of Arts in Teaching
- Master of Science
- Master of Social Work

## CLASSIFICATION OF STUDENTS

**Graduate Students** are defined as those who have been accepted into one of the graduate programs.

**Postgraduate Students** are those who have completed a baccalaureate degree and are registered for work which does not ordinarily apply toward an advanced degree.

## GRADING SYSTEM

The following system of grades and grade-point values per quarter hour is used for evaluating graduate credit:

A	4.0	B	3.0	C	2.0	D	1.0
A -	3.7	B -	2.7	C -	1.7	D -	0.7
A+	3.3	C+	2.3	D+	1.3	F	0

Other symbols used to describe the academic status of graduate credit are:

AU	Audit
I	Incomplete
I*	Standing Incomplete
IP	In Progress
W	Withdrawal
S	Satisfactory (© or better)
NC	No Credit
X	Unofficial withdrawal

*Courses associated with these symbols are not used when computing the grade-point average.*

**Audit.** An AU is assigned for class attendance and participation generally excluding tests and outside-of-class assignments. Arrangements to audit a class are made with the Office of Graduate Studies. The cost for audited credit is one-half the regular tuition rate.

**Incomplete.** In the case of incomplete work due to justifiable cause, the instructor may assign a grade of Incomplete, allowing the student an extension of time to complete the course requirements. The incomplete is not a permanent grade. The instructor for the course also submits a default grade for the course that the student will be assigned if no further work is done in the allotted time, taking into account all the course requirements.

Submission of all required work is due to the teacher three weeks before the close of the following term. Extraordinary appeals for extension of deadline should be directed to the Associate Vice President for Graduate Studies.

**In Progress.** An IP can be given by the instructor for independent work such as field work or practica, research, and thesis which extend past the regular end of term. The IP designation is changed by the instructor to a letter grade upon completion of all course requirements.

**Withdrawal.** A W is recorded when a student officially drops a course at least three weeks prior to the end of the quarter.

**Satisfactory/No Credit.** An S indicates that credit earned was satisfactory (A, B, or C) and an NC indicates that the credit was not earned because performance did not meet the minimum standards for a satisfactory grade. A grade of S will not be acceptable for graduate credit except for courses that require S/NC grading.

**Unofficial Withdrawal.** A grade of X indicates that a student discontinued class attendance prior to midterm but did not officially withdraw.

**Grade Errors and Corrections.** Grades will be processed and posted to the Web at the close of each quarter. Students should carefully check the accuracy of the course numbers, course grades, and credit hours. Grades may be changed only if an error has been made in calculating or recording the grade. Students should report any discrepancies to the Academic Records Office by the last day to drop classes during the next regular quarter following the quarter in which they enrolled in the class.

**Graduate GPA.** Grades of all courses on the approved graduate program and in the program area, excluding deficiencies, will be computed in the grade-point average.

**Uniform Course Numbers.** By general agreement certain course numbers are reserved for classes that are of such a general nature as to be found in the three graduate departments. The prefix assigned to the numbers designates the discipline. The following are courses that carry uniform numbers throughout the bulletin:

**500 Topics** **1-5**

Courses in specialized or experimental areas conducted through regular class activities and approved by Graduate Council as one-time offerings. See the Class schedule for all approved Topics courses.

**559 Supplemental Studies** **1-2;2**

Supplementation of previous course work when portions of a course required in the student's program have been omitted. Ordinarily supplementation will occur only with transfer students or within a program that has undergone a major curriculum change. A study proposal is to be outlined in consultation with the instructor of the course being supplemented and approved by the department and the Graduate Academic Standards committee. May not be substituted for existing courses

**569 Advanced Study** **1-3;3**

Advanced directed study by which students may enhance the program area in breadth or depth not covered within the department curriculum. The study proposal must be approved by the department and the Graduate Standards Committee and is to indicate the methods of evaluation. May not be substituted for existing courses.

**579 Directed Research/Project** **1-2;2**

Individualized research, laboratory or learning experience of particular interest to the student; may include contributions from conference attendance or travel related to an academic topic. A project proposal and permission of instructor are required prior to beginning the project.

**Changes in Registration.** Students withdrawing from a graduate program or individual courses during a term must file an official change of registration form with the Office of Graduate Studies. These forms must be signed by the adviser and the instructor(s) concerned.

**Academic Integrity Statement.** An integral part of the mission of Walla Walla College is to prepare its students to be responsible individuals who are guided by Christian values. The College, therefore, expects all members of its community to practice integrity, including a steadfast adherence to honesty. Faculty have a responsibility to foster integrity by example and instruction. Students have a responsibility to learn, respect, and practice integrity.

All acts of academic dishonesty, including cheating, plagiarism, forgery, misrepresentation, falsification, prohibited collaboration, and unauthorized use of files, are unacceptable. Departments may have more specific criteria for behavior and skills suitable to their disciplines which will be communicated to students, typically in course syllabi. A violation of academic integrity will result in disciplinary action, which may include expulsion from the program (see department for details).

**Deficiencies.** Deficiencies should be made up as early in the program as possible, but may not be made up by audit.

**Student Appeals.** Student appeals of decisions and actions related to their graduate programs should be initiated in consultation with the major department and then relayed, as appropriate, to Graduate Council. If satisfaction is not obtained, consult the Walla Walla College Grievance Policy.

**Unregistered Student Attendance of Classes.** Only students who are officially registered will be allowed to attend graduate classes after the third week of school. Exceptions for those having difficulty making financial arrangements may be made by petition to the Graduate Standards Committee.

**Graduate Credit for Seniors.** Seniors who are within 28 hours of completing their baccalaureate degree may be eligible to take up to 12 approved credits to be applied toward a Walla Walla College graduate program. To apply, students must submit a petition available in the Office of Graduate Studies, a copy of a degree audit or a copy of their approved senior outline. Approval to register is granted only after determination of the student's eligibility for admission to a graduate program and satisfactory completion of necessary course prerequisites.

**Second Master's Degree.** If degree requirements overlap with graduate work already taken, a student seeking a second master's degree may seek a reduction in the total number of required credits. See individual programs for specific requirements.

## **GRADUATE FACILITIES AND SERVICES**

**Campus Computer Center.** A campus-wide personal computer network supports a wide variety of software applications for college faculty, staff, and students. The use of three clusters of high-performance computers is available to Walla Walla College students free of charge.

**Disability Support Services.** Walla Walla College is committed to responding to the needs of students with disabilities as outlined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The college provides program access to students with documented disabilities through a variety of services and equipment. The Disability Support Services office coordinates academic accommodations

which include, but are not limited to: testing accommodations, note takers, alternate text formats, and classroom relocation. Services must be arranged in advance and require documentation of the disability. For more information about any of these services, contact Disability Support Services, (509-527-2366). Policies are also available on the Internet at [www.wwc.edu/services/tlc/dss](http://www.wwc.edu/services/tlc/dss).

**Library Resources and Services.** The combined WWC libraries contain over 200,000 book volumes and hold over 980 current periodical titles.

The Library's home page at [library.wwc.edu](http://library.wwc.edu) is the starting point for most library research at WWC and its branch campuses. The Library's online catalog can be searched from that page as can over 80 databases to which the Library subscribes. Branching from the Library's home page are those designed specifically for students at the Montana Graduate Social Work sites.

Using the online catalog, students can search collections at the Peterson Memorial Library, Curriculum Library, Rosario Marine Biological Station, Montana Graduate Social Work sites and the branch Nursing Library in Portland, OR. The online catalog is accessible to anyone with an Internet connection. Selected databases are also available from the library's home page. They include such key resources as *BIOSIS*, *Academic Search Full-Text Premier*, *ERIC*, *Medline*, *PsycArticles*, *NewsBank*, *ProQuest Direct*, *PsycInfo*, *SocINDEX full-text*, *Social Work Abstracts*, and *WorldCat*. These databases can be accessed from any on-campus computer connected to the College's local area network. Off-campus access to these databases is also available, via an authentication process, to current students, faculty and staff of Walla Walla College.

Microform readers make accessible microforms of periodicals and other scholarly material. In addition, the library's Media Center provides a small collection of videos and equipment for viewing various media.

Resources in other libraries are available to students and faculty members through the library's membership in several resource sharing cooperatives such as NAPCU (Northwest Association of Private Colleges and Universities), and ALICE (Adventist Libraries Information Cooperative). In addition, for the College Place and Portland campuses, resources are available through the Summit Borrowing service. Materials not held at one of the College's libraries can be procured through the Interlibrary Loan/Document Delivery service operated by the Reference Department. WWC students with validated identification cards also have access to the library facilities of Whitman College, a private liberal-arts college located in downtown Walla Walla.

**Marine Station.** Walla Walla College maintains a biological research station at Rosario Beach, adjoining Deception Pass State Park, Anacortes, Washington. This facility occupies 40 acres of beach and timberland, and includes three laboratory buildings, a cafeteria, assembly hall, shop, and 29 cabins for student and staff housing.

**Rigby Hall.** The facilities of the Department of Biological Sciences in Rigby Hall include staff and graduate student offices, classrooms and teaching laboratories. Also available are controlled-environment chambers, radioisotope laboratory, animal house and greenhouse, photographic darkroom, wood shop, student lounge, and computer lab.

**Smith Hall.** Facilities of the School of Education and Psychology include offices for staff and graduate assistants, classrooms with Internet and campus network access, laboratories for testing, a curriculum library, and a student lounge. A child development center provides students with an opportunity to work with young children in a preschool setting. Smith Hall also houses a recently remodeled counseling center consisting of three private counseling rooms and a group room. These rooms are fully equipped with one-way mirrors and video and audio recording capability.

**Social Work/Sociology Buildings.** These facilities house faculty and administrative offices, the Social Service Reading Collection, and a classroom. Comfortable classrooms and teacher offices are also maintained at two sites in Montana; at Missoula and Billings.

#### **FINANCIAL INFORMATION FOR 2006-2007\***

**Financial Aid.** Walla Walla College assumes that each graduate student has the primary obligation for his/her educational costs. For students unable to meet this obligation while attending Walla Walla College, financial aid is available in the form of student employment, long-term loans, grants, and scholarships. Interest rates for long-term loans are low and repayment does not begin until after a student leaves a full-time graduate program. Grants and scholarships are gifts and do not need to be repaid.

In order to receive maximum financial assistance, students should plan their finances for the entire academic school year several months prior to the first quarter of enrollment. Financial counselors are available to provide help in financial planning, applying for financial aid, and in developing plans for payment. The Federal Government now requires that the college have a copy of the baccalaureate transcript prior to disbursements of financial aid to graduate students.

Adding or dropping a class on or before the tenth day of the quarter may affect a student's Financial Aid package.

**Federal Stafford Loan Program.** Graduate students may borrow up to \$18,500 per year at an annual interest rate not to exceed 8.25%. Principal repayment begins six months after the student ceases to be enrolled at least half-time. Loan fees of about 3.4% are deducted from the loan amount before the funds are issued to WWC.

The US Government may subsidize some of the interest while the student is in school; the student is responsible for the balance and may either make payments or have the interest added to the principal of the loan.

Students receiving a Federal Stafford Loan will need to complete a separate application form, the FAFSA (Free Application for Federal Student Aid). Students are encouraged to complete and submit the FAFSA via the internet at: [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

**Graduate Tuition.** Graduate tuition is \$516\* per quarter hour. Tuition includes all laboratory fees except those at the WWC Marine Station at Rosario Beach.

\*For the 2007-2008 academic year, please refer to the on-line *Financial Bulletin* at: [www.wwc.edu/academics/bulletins](http://www.wwc.edu/academics/bulletins).

**Payment Plans.** The College is not able to finance student accounts. However, several payment plans are available and may be arranged through the Student Financial Services.

**Books and School Supplies.** Textbooks, school supplies, and other class materials are available at the College Store. Students should plan on approximately \$550 for such purchases each quarter.

**Student Insurance.** All enrolled, tuition-paying graduate students on the College Place campus, Missoula or Billings sites or Rosario campus are covered by WWC's Student Accident Insurance Policy, with a maximum coverage of \$2,000 per incident. In addition, WWC graduate students may purchase and be covered under the Mandatory Student Sickness and Additional Accident Insurance. For questions regarding coverage, claims or a brochure outlining the benefits, please contact Campus Health Services at 509/527-2425. WWC requires all international students to have the above medical insurance coverage.

**Personal Property Insurance.** WWC is not responsible for loss of personal property. Students are encouraged to carry their own insurance for coverage of personal belongings.

### HOUSING COSTS

Walla Walla College owns several studio, one-bedroom, and two-bedroom apartments in College Place. In addition, houses with up to four bedrooms are available for families. Rental rates are comparable with rates in the community.

**This off-campus housing** in College Place is available on a first-come-first-served basis. Financial arrangements must be made with the Office of Student Financial Services before a student/family may move into college housing. Students may contact College Rental Properties at 509/527-2109 for more information about housing availability.

**Residence Halls.** The room rental charge for each student per quarter based on dual occupancy is:

Conard Hall (women)	\$ 790
Foreman Hall (women)	825
Sittner Hall (men)	790
Meske Hall (men)	790

When rooms are available, single occupancy is permitted at an extra cost of \$200 per quarter.

**Room Deposit and Reservations.** A \$150 deposit is required to reserve a residence hall room. Upon a student's departure, a refund of up to \$120 may be applied to the student's account. Charges for delayed departure, an uncleaned or damaged room or failure to return keys are also applied to the student's account. Should the student not enroll, the entire deposit is refunded.

## REFUNDS

If a student officially withdraws during the quarter, a refund, where applicable, will be made within 30 days. A student who leaves school without completing withdrawal procedures will be charged until proper arrangements have been made. The beginning of the quarter is considered to be the first day of class instruction. Students withdrawing from classes during the quarter will qualify for the following rates of refund:

If withdrawal is:	Tuition refund will be:
by the second Tuesday of classes*	100%
by the third Tuesday of classes	75%
by the fifth Tuesday of classes	50%

***A tuition refund may affect awarded financial aid.***

\*Students dropping all classes during this period will be charged a processing fee of \$50 or 5% of tuition, whichever is less.

For withdrawal and refund schedule for summer classes please contact the Records Office or see the on-line *Summer Bulletin* at: [www.wwc.edu/academics/bulletins](http://www.wwc.edu/academics/bulletins). Please refer to the current on-line *WWC Financial Bulletin* at the same website for the Financial Aid Refund Policy.

## FINANCIAL STATEMENTS

Itemized statements are issued each month giving an account of the previous month's expenses. Fixed expenses --tuition, required fees, room rent -- for the quarter are charged at the beginning of each quarter. Variable expenses -- including cafeteria, bookstore, and other charges -- are billed as they are incurred. All enrolled students receive copies of their statements each month. Students may request that a copy be mailed to a third party, such as a parent.

Walla Walla College accepts Discover, MasterCard, and Visa credit cards for payment of accounts. These may be processed in person, by telephone, by mail, or on-line. Checks or money orders should be made payable to Walla Walla College and should be sent to the Accounting Office on campus.

Internet payments may be made at: [www.wwc.edu/payment](http://www.wwc.edu/payment). Payments received via Internet are processed prior to 9 am each business day. Payments received after 9 am are processed the next business day.

## **FINANCE CHARGES**

A *FINANCE CHARGE* will be imposed on each item of a student's account which has not been paid by the end of the second month following the billing month. The **FINANCE CHARGE** is computed at a rate of one percent per month or *an ANNUAL PERCENTAGE RATE* of 12%.

The **FINANCE CHARGE** is computed by taking the second to the last month's statement balance and subtracting any payments, credits, financial aid or refund received during the succeeding two months. The remaining balance owing, if any, is multiplied by one percent to obtain the periodic finance charge.

## **RELEASE OF TRANSCRIPTS OR DIPLOMAS**

By action of the Board of Trustees of the College, a diploma or transcript (official or unofficial) may not be released until the following criteria are met:

The student's account is paid in full.

The student has paid any short-term loan cosigned by WWC.

The student's Nursing, Perkins, or institutional loans are current.

The student's loan exit interview are complete. (Diploma only).

To expedite the release of transcripts, diplomas, and other legal documents, a money order, credit card payment, or certified check should be sent to cover the balance of the student's account. Requests for transcripts must be made in writing, signed by the student, and either faxed or mailed to the Office of Academic Records. There is a \$5 charge for each transcript requested.

## **INTERNATIONAL STUDENTS**

International students who are not citizens or permanent residents of the United States (except Canadian students) are asked to place a \$5,000 (U.S.) deposit with the College before final acceptance can be given and the I-20 form, necessary to secure the U.S. Student visa, can be sent. International students on student visas do not qualify for the majority of loans and grants and may only accept employment on campus. Spouses and children who are not students may not accept employment under any circumstances. To determine the ability of applicants to meet educational costs, the College requires them to submit a declaration of finances before final acceptance is given. This is done through the international student adviser. International students will be expected to use the Regular Payment Plan described in the *WWC Finance Bulletin*.

## **CHANGE IN EXPENSES**

Because of fluctuations in the economy, the College Board of Trustees reserves the right to adjust costs and policies throughout the school year or to supersede statements published in this bulletin.

## **GRADUATE ASSISTANTSHIPS - *BIOLOGY AND EDUCATION***

A limited number of graduate assistantships are available. They provide financial support for students during professional experiences in chosen fields of specialization or in activities that may be valuable in preparing them more fully for their future occupational roles. Duties of a graduate assistant may include participation in research, instructional and guidance services, and professional activities. Assistantships are open to graduate students with evidence of maturity and potential to benefit from the program.

Applications will be considered from graduate applicants, postgraduates, and current graduate students. Stipends are awarded for periods up to 12 months. Full or partial remission of tuition and fees for approved courses during the period of the assistantship is also available. Recipients of assistantships in the School of Education and Psychology must be fully admitted to a Masters program.

Application forms for graduate assistantships may be obtained by writing directly to the respective departments. The deadline for receipt of application for the following year is April 15.

### **GRADUATE DEAN'S SCHOLASTIC ACHIEVEMENT AWARD**

Prior to each graduation, graduate students with exceptional academic records are nominated by the graduate faculties for the Graduate Dean's Scholastic Achievement Award. This award consists of: (1) a certificate of distinction and (2) a cash award.

### **GRANTS**

Grants are need-based awards and do not have to be repaid.

**Master of Arts in Counseling Psychology Need Grant.** This grant is awarded to students who show need through the financial aid application process. This grant is disbursed at a rate of \$1,175 each quarter a student is enrolled full time.

**Master of Arts in Teaching Need Grant.** This grant is awarded to students who show need through the financial aid application process. This \$5,200 grant is disbursed at a rate of \$1,300 each quarter -- fall, winter, spring, and summer.

**Master of Social Work Need Grant.** This \$5,200 grant is awarded on a first-come, first-served basis to students who show need through the financial aid application process. Grants are disbursed at the rate of \$1,300 each quarter -- fall, winter, spring, and summer.

**Master of Social Work Child Welfare Training Grant.** Contact the School of Social Work for more information on this \$4,000 grant.

### **SCHOLARSHIPS**

**Master of Arts in Counseling Psychology Departmental Scholarships** of \$2,500 are awarded to each student who holds a bachelor's degree from WWC and whose cumulative grade point average (GPA) was at least 3.0. One-fourth of the scholarship (\$625) is disbursed each quarter -- fall, winter, spring, and summer -- of the recipient's first year in the program.

**Master of Arts in Counseling Psychology Merit Scholarships** are awarded in recognition of an outstanding under-graduate GPA. One-fourth of the scholarship is disbursed each quarter -- fall, winter, spring, and summer -- of a recipient's first year in the program.

<u>Undergraduate GPA</u>	<u>Award</u>
3.90-4.00	\$2,700 (\$675 per quarter)
3.80-3.89	\$2,000 (\$500 per quarter)
3.70-3.79	\$1,600 (\$400 per quarter)
3.50-3.69	\$1,400 (\$350 per quarter)

**Master of Arts in Counseling Psychology Minority Scholarship.** To encourage African-American, Asian-American, Hispanic and registered Native American students to enroll, WWC offers two scholarships for members of these ethnic groups. Contact the School of Education and Psychology to request an application.

**Master of Arts in Teaching Departmental Scholarships** of \$2,700 are awarded to each student who holds a bachelor's degree from WWC and whose cumulative grade point average (GPA) was at least 3.0. One-fourth of the scholarship is disbursed each quarter -- fall, winter, spring, and summer -- of the recipient's first year in the program.

**Master of Arts in Teaching Merit Scholarships** are awarded in recognition of an outstanding undergraduate GPA. One-fourth of the scholarship is disbursed each quarter-- fall, winter, spring, and summer -- of a recipient's first year in the program.

<u>Undergraduate GPA</u>	<u>Award</u>
3.90-4.00	\$3,000 (\$750 per quarter)
3.80-3.89	\$2,200 (\$550 per quarter)
3.70-3.79	\$1,800 (\$450 per quarter)
3.50-3.69	\$1,500 (\$375 per quarter)

**Master of Social Work Departmental Scholarships** of \$2,700 are awarded to each student who holds a bachelor's degree from WWC and whose cumulative grade point average (GPA) was at least 3.0. One-fourth of the scholarship is disbursed each quarter -- fall, winter, spring, and summer -- of a recipient's first year in the program.

**Master of Social Work Merit Scholarships** are awarded in recognition of an outstanding undergraduate GPA. One-fourth of the scholarship is disbursed each quarter -- fall, winter, spring, and summer -- of a recipient's first year in the program.

<u>Undergraduate GPA</u>	<u>Award</u>
3.90-4.00	\$3,000 (\$750 per quarter)
3.80-3.89	\$2,200 (\$550 per quarter)
3.70-3.79	\$1,800 (\$450 per quarter)
3.50-3.69	\$1,500 (\$375 per quarter)

**Master of Social Work Minority Scholarship.** In order to increase the number of African-American, Hispanic, and registered Native American students enrolled in the MSW program, WWC has set aside additional funds for scholarships available to these ethnic groups. Please contact the School of Social Work to request an application.

Students registered for less than 12 credit hours will receive prorated grants and scholarships. Students registered for less than 6 credit hours are not eligible for grants and scholarships.

# GRADUATE PROGRAM

Master's degree programs are offered in biology, education, counseling psychology, and social work. Graduate study is planned with reference to the student's previous academic preparation, experience, personal qualifications, and future objectives. Close cooperation between the student and adviser is essential.

## OBJECTIVES OF THE GRADUATE PROGRAM

Graduate programs provide an atmosphere which stimulates intellectual curiosity and independent thinking. They are designed to develop an appreciation for the value of research, to provide involvement with basic research techniques, and to strengthen professional competence in areas of specialization.

## GENERAL ADMISSION REQUIREMENTS

To qualify for regular admission, an applicant to a graduate program shall have:

1. graduated from an accredited four-year college or university by the time of enrollment, as evidenced by a transcript showing the completion of a baccalaureate degree.
2. completed an appropriate undergraduate major or prerequisite credit hours as specified by the department.
3. achieved a minimum cumulative GPA of 2.75 for either the total hours or for the last 96 quarter hours of the baccalaureate degree.
4. obtained recommendations from three individuals knowing the applicant's professional abilities and personal qualities well.
5. submitted a personal statement of professional goals and objectives as directed by the department concerned.
6. achieved a score of 550 on the written TOEFL or a score of 213 on the computer TOEFL, if English is spoken as a Second Language
7. met additional admission requirements as specified by the department concerned.

**When all application materials have been received**, they will be sent to the respective graduate department for evaluation and a recommendation about acceptance. Admission is by official action of the Graduate Council.

## ADMISSION AND ENROLLMENT CATEGORIES

Students are enrolled under one of the following categories:

### REGULAR

Regular admission status is granted to students who meet all requirements of graduate programs at Walla Walla College and specific requirements of the department or school in which study is proposed.

### PROVISIONAL

Provisional status is given to students who have graduated from an accredited college or university and do not meet one or more of the other requirements for *regular* admission, but who in the judgment of the department and Graduate Council have shown evidence of their ability to pursue a graduate degree. Such evidence may include one or more of the

following: superior performance on the Graduate Record Examination, strong professional recommendations, superior grades in postgraduate work at a recognized institution, and/or positive work experience in areas related to the desired graduate specialization. At the time of provisional acceptance, a plan and deadline for a change to regular standing must be submitted by the respective graduate program. Students not meeting these specifications will be dropped from the program.

#### **NON-MATRICULATED**

Non-matriculated status is designed for students who wish to take courses for personal or professional benefit, but are not seeking a graduate degree. By special petition to Graduate Council, a maximum of 12 credit hours may be applied to a graduate program retrospectively.

## **GENERAL DEGREE REQUIREMENTS**

**Responsibilities of the Student.** Each graduate student is responsible for a knowledge of all regulations and procedures published in this bulletin and in departmental materials. Continued progress in the program is contingent upon the adherence to the decisions of the Graduate Council and the policies and procedures as published in this bulletin. The student must assume the initiative in such matters as securing approval of a Program of Study and arranging for required tests and examinations. Failure to do so may result in unnecessary delay or interruption of graduate study.

**Program Requirements.** Completion of the minimum number of hours for a specific graduate program is required, including all courses listed on the Program of Study. Candidates must also satisfy departmental requirements listed in this bulletin and those provided in writing by the department or school.

**Scholastic Requirements.** A cumulative grade point average (GPA) of 3.0 is required for all courses included in the graduate program and in the program area (except deficiencies). Courses with grades of less than C are not accepted for graduate credit.

**Probation and Dismissal Policy.** Graduate students whose cumulative GPA for courses taken in their program area at Walla Walla College drops below 3.0 will be placed on academic probation. Notification of this status will be by letter from the Dean of Graduate Studies. Students placed on academic probation are urged to consider an adjustment in class and work load in consultation with their program advisers. Students whose cumulative GPA is below 3.0 for two consecutive quarters will be subject to dismissal by Graduate Council from their current graduate program and loss of graduate student standing.

**Resident Credit.** All credits earned toward a master's degree will normally be taken at Walla Walla College. No more than 12 credits of graduate work taken at the college before official acceptance may be applied to the degree. Courses numbered 350-399 may be included in the graduate program with approval of the Graduate Council. No more than six quarter hours of workshop (474) courses will be included in a program. A minimum of 33 quarter hours toward the Biology or Education programs, and 40 hours toward the Social Work program must be taken in residence.

**Transfer Credit.** Some graduate level work taken at other accredited institutions but not previously applied toward a degree may be approved for transfer to the master's degree by petition to the department. Normally, the maximum is 12 quarter hours. No courses with grades less than B qualify for transfer credit. Extension courses may be transferred if they are acceptable as graduate credit by the accredited college or university offering them. Continuing education credit is accepted as transfer credit. "P" or "S" grades may be transferred after specific review by the designated department, but will not be considered when computing the GPA.

**Waiving Content Requirements.** On occasion content required for the graduate program at Walla Walla College may have been covered in a course applied to an earlier degree. After review by the department, the content required by the graduate program may be waived but the total hours required for the degree are not reduced. Usually a **validation examination** over the content area is required. Exceptions may be made in the case of second advanced degrees. There is a fee for this examination.

**Time Requirement.** Academic credit earned more than six calendar years prior to graduation is usually not acceptable to satisfy degree requirements.

**Course Load.** The maximum load per quarter for graduate students is 14 hours in social work, education, and psychology, 12 hours in biology. Incompletes from previous quarters are added to the total course load of each quarter. Petition must be made to Graduate Council to exceed these limits. For purposes of loan deferment and visa qualification, seven hours and eight hours of graduate work are considered minimum loads respectively.

**Bulletin.** A student's degree requirements will be based on the graduate bulletin in effect at the time of first enrollment as a graduate student.

## EXAMINATION REQUIREMENTS

Each candidate is responsible to take the appropriate, required final oral/comprehensive examination(s). Success or failure of such examinations is determined by a faculty committee. A candidate who fails a required examination is granted only one opportunity for retake after the lapse of at least one quarter. Examinations should be scheduled and taken so that the results can be known at least two weeks before spring commencement.

## REQUEST TO GRADUATE

Two quarters prior to program completion, a Request to Graduate must be prepared on an approved form and signed by the adviser, program director, and Director of Records. This process will verify that the candidate has:

1. reviewed a degree audit form (MSW) or completed Program of Study (Biology, Education, Psychology),
2. attained a cumulative GPA of 3.0,
3. arranged to take appropriate oral/comprehensive examination(s),
4. ordered graduation regalia, and
5. satisfied all deficiencies and arranged for all incompletes and IP's to be completed by one month prior to graduation.

## GRADUATION

Because students are strongly encouraged to participate in commencement exercises, those wishing to graduate in absentia must petition the President of the college to do so.

Students who participate in commencement should have completed all requirements for their degree by this time. However, as Walla Walla College has only one commencement exercise each year, if all requirements have not been completed, the following criteria must be met in order for students to march:

1. be within 12 hours (14 hours including Field Practicum for MSW) of degree completion, including courses with incomplete (I) and in progress (IP) grades,
2. be able to complete all degree requirements by the last Friday in August of the same year,
3. have the approval of the thesis/project committee (if M.A./M.S. student), and
4. have a Request to Graduate on file with the Office of Academic Records.

Degrees are conferred and diplomas issued each quarter. All coursework must be completed, transcripts received, comprehensives taken and grades received before the degree will be awarded.

## BIOLOGICAL SCIENCES

Scott Ligman, Chair; David Cowles, Joe Galusha, David Lindsey, Jim Nestler, Joan Redd, Director of Graduate Program, Gene Stone

In addition to fulfilling the mission of Walla Walla College, the objectives of the Department of Biological Sciences are:

1. To prepare students for careers in research and teaching positions in institutions of higher education by giving them a firm foundation for work toward a doctoral degree.
2. To provide an educational background for careers in industry.
3. To increase the competence of secondary school teachers.

The Department of Biological Sciences offers a Masters of Science degree in biology for students who wish to prepare for careers in research and teaching or continue their education through a Ph.D., subsequently entering careers in research or college and university teaching.

The program of course work and research developed for each graduate student takes into account the academic background, present interests, and future goals of the student.

### **ADMISSION**

Applicants must meet the general admission requirements as outlined earlier in the *Graduate Bulletin*. New students may start at the beginning of any academic quarter. A complete application must be received at least 30 calendar days before the first day of the quarter in which the prospective student wishes to enroll. Any application completed after this date will be considered for the following quarter. Review of applications for the following academic year will begin on February 15. A complete application consists of:

- The application form
- Three letters of recommendation (unless the applicant is a WWC biology major)
- All transcripts from accredited colleges or universities previously attended.
- A personal statement of objectives and goals (usually less than 3 pages)
- Teaching assistant application (if a TA is desired)
- GRE scores
  - ▶ An applicant with a cumulative GPA of 3.0 or above must submit scores from the GRE general test only.
  - ▶ An applicant with a cumulative GPA of less than 3.0 must submit scores from both the GRE general and GRE Biology subject tests.

Students will take Graduate Comprehensive Exams during the first spring break after enrollment in the graduate program.

## BIOLOGICAL SCIENCES

### REQUIREMENTS

Students must complete all requirements as listed in this bulletin and in the "General Procedures for the Completion of the M.S. Degree in Biology" (available from the department). A Program of Study prepared on an official form must be approved by the program director and submitted to Graduate Council by January 15 of the final year of graduate studies (or two quarters prior to completion of the program). Official approval of this program will be acknowledged by a letter from the Dean of Graduate Studies.

Any changes in the study program must be documented on a Program Change Form and require the signatures of the adviser, program director and the Dean of Graduate Studies.

Because of the variety of biological and interdisciplinary opportunities available at the Walla Walla College Marine Station, all graduate students are encouraged to attend one summer term.

#### **Prerequisite background:**

Undergraduate background should include a B.S. or B.A. in Biology from an accredited institution. Students with degrees in other science areas should contact the department before applying. Specific cognate courses required include: General Chemistry, Organic Chemistry, General Physics, and Precalculus.

#### **Curriculum requirements:**

The primary requirement is the completion of a thesis based upon original research. Program requirements consist of a minimum of 45 quarter credits, 27 of which must be courses numbered 500 or above. Not more than five credits below a B- grade will be accepted on the graduate program.

#### Courses (45 credits)

Graduate Seminar (BIOL 510)	5
Thesis Proposal (BIOL 544)	2
Thesis Research (BIOL 545)	8
Thesis (BIOL 546)	2
Additional 500-level BIOL courses	10
Colloquium (BIOL 495) six quarters	0
Additional electives	18

### GRADUATE COURSES - *BIOLOGICAL SCIENCES*

#### **BIOL 501 RESEARCH IN BIOLOGY** 2-4; 8

Individual work in a topic of original research carried out under the direction of one of the instructors. Two to four hours per quarter; maximum, eight.

#### **BIOL 510 GRADUATE SEMINAR** 1; 6

Involves presentation of topics and discussion of current research in specific areas of biology. Spring quarter normally involves a research plan and progress report for first-year students. One credit each quarter. Maximum of six credits.

## BIOLOGICAL SCIENCES

### **BIOL 530 MOLECULAR BIOLOGY TECHNIQUES** 4 or 5

Introduction to the theory and practice of modern molecular techniques. The laboratory will include techniques such as the purification and analysis of DNA, RNA, and protein, recombination DNA procedures, mutagenesis, hybridization methods, PCR, and DNA sequencing technology. Two laboratories per week. Prerequisites: BIOL 393, CHEM 323, 326. (College Place campus - 4 quarter hours; Marine Station - 5 quarter hours.)

### **BIOL 540 READINGS IN BIOLOGY** 2; 10

Analysis of classical and current literature in specific areas of biology. Areas of concentration may include disciplines such as biostatistics, development, ecology, ethology, genetics, natural history, philosophy of biology, or physiology. Requires reports and conferences with a staff member. A maximum of four credits in any one area.

### **BIOL 544 THESIS PROPOSAL** 2

Preparation and approval of the master's thesis proposal. A research topic is selected and a formal research proposal is written in consultation with the student's major professor and graduate committee. A final grade is given after proposal revisions have been completed and proposal cover sheet is signed by the student's committee members.

### **BIOL 545 THESIS RESEARCH** 1-8; 8

Collection and analysis of data for master's thesis. A grade of IP is given until completion of all four credits, at which time the same grade is given for all four credits. Prerequisite: BIOL 544 or permission of the instructor.

### **BIOL 546 THESIS** 2

Writing, presentation, defense, and revision of the master's thesis based upon original biological research. A final grade is given after revisions have been completed, thesis cover sheet signed by committee members, and final thesis copies submitted to the department. Prerequisite: BIOL 545 or permission of the instructor.

## **SUPPORTING COURSES - *BIOLOGICAL SCIENCES***

*BIOL 101, 102, 103 or equivalent is prerequisite for all courses listed below.*

### **BIOL 403 ORNITHOLOGY** 4 or 5

Study of native birds of North America, with emphasis on physiology, identification, migration, and life histories. One weekend field trip required. (College Place campus, 4 quarter hours; Marine Station, 5 quarter hours.) Offered every 3-5 years at the Marine Station; offered even years only on the College Place campus. (Course fee applies)

### **BIOL 405 NATURAL HISTORY OF VERTEBRATES** 4

Study of vertebrates with emphasis on natural history, ecology, physiology, and taxonomy. One laboratory per week. A weekend field trip is required. Offered odd years only. (Course fee \$40)

### **BIOL 420 SOCIOBIOLOGY** 3

A study of current concepts and ideas relating to the origin and structure of social behavior in animals. Special attention is focused on the adaptive significance of species-specific behavior in a wide variety of environments.

### **BIOL 426 SYSTEMATIC BOTANY** 4 or 5

Study of the principles of plant classification, together with a systematic survey of vascular plants, with emphasis on natural history and ecology. (College Place campus, 4 quarter hours; Marine Station, 5 quarter hours.) Offered on demand.

## BIOLOGICAL SCIENCES

### **BIOL 430 MOLECULAR BIOLOGY TECHNIQUES** 4 or 5

Introduction to the theory and practice of modern molecular techniques. The laboratory will include techniques such as the purification and analysis of DNA, RNA, and protein, recombination DNA procedures, mutagenesis, hybridization methods, PCR, and DNA sequencing technology. Two laboratories per week. Prerequisites: BIOL 393, CHEM 323, 326. (College Place campus - 4 quarter hours; Marine Station - 5 quarter hours.) Offered even years only.

### **BIOL 435 DEVELOPMENTAL BIOLOGY** 4

Principles of development of plants and animals. Emphasizes problems of growth, differentiation, and morphogenesis. Laboratory work consists of both descriptive and experimental analysis of development. One laboratory per week. Prerequisites: BIOL 392,393 and CHEM 322; or permission of department.

### **BIOL 449 VERTEBRATE HISTOLOGY** 4

Study of the microscopic anatomy of vertebrate cells, tissues, and organs, including reference to their functions. Two laboratories per week.

### **BIOL 464 ANIMAL PHYSIOLOGY** 4

Study of animal physiology with emphasis on integration of vertebrate organ systems. One laboratory per week. Prerequisite: BIOL 392. PHYS 213, 216 strongly recommended.

### **BIOL 466 IMMUNOLOGY** 4

Study of the molecular and cellular bases of the immune response including clinical applications. One laboratory per week. Prerequisites: BIOL 392, 393.

### **BIOL 483 PHILOSOPHY OF ORIGINS AND SPECIATION** 3

Comparison of the various theories on the origin and history of living organisms in light of present scientific knowledge in biochemistry, paleontology, morphology, geology, genetics and other related areas.

### **BIOL 495 COLLOQUIUM** 0

Lecture series designed to expose students to modern scientific research and researchers. Each lecture is normally given by a visiting scientist. Graded S or NC.

### ***MARINE STATION***

*BIOL 101, 102, 103 or equivalent is prerequisite for all courses listed below. Marine Station courses of 5 credits include an additional credit for the requirement of a research project. Normally a maximum of two of the following courses are taught during a summer. Please see annual Marine Station bulletin.*

### **BIOL 517, 417 BEHAVIOR OF MARINE ORGANISMS** 5

A study of inter- and intraspecific behaviors of marine animals and their behavioral responses to the physical environment. The course involves laboratory experience, field observations and research project. Prerequisite: a course in animal behavior, organismal biology and/or psychology.

### **BIOL 458 MARINE BIOLOGY** 5

An integrated approach to understanding the marine environment primarily from an ecological perspective. Included are principles of basic oceanography, plankton biology, deep-sea biology, and shallow-water marine communities. Research project and field trips required.

### **BIOL 460 MARINE ECOLOGY** 5

Study of interspecific, intraspecific, and community relationships demonstrated by marine organisms.

## BIOLOGICAL SCIENCES

- BIOL 462 ICHTHYOLOGY** 5  
Systematic study of the fishes found in Puget Sound, with a survey of the fishes of other waters.
- BIOL 463 MARINE PHYCOLOGY** 5  
A systematic survey of marine algae, covering the principles of their classification, natural history, ecology, physiology, and practical use.
- BIOL 468 COMPARATIVE PHYSIOLOGY** 5  
Comparative study of the physiology and life processes of animals with emphasis on invertebrates. Prerequisite: BIOL 392.
- BIOL 475 MARINE INVERTEBRATES** 5  
A study of the biology of selected groups of marine invertebrates.

# EDUCATION AND PSYCHOLOGY

Mark Haynal, Dean; Austin Archer, Robert Egbert, Tamara Randolph, Gail Rittenbach, Lee Stough. Certification Officer: Debbie Smart

The School of Education and Psychology offers four master's degree programs -- the Master of Arts (M.A.) in Counseling Psychology, the Master of Arts (M.A.) in Education, the Master of Education (M.Ed.), and the Master of Arts in Teaching (M.A.T.).

The Master of Arts degree is a program which provides a significant opportunity to develop research and reporting skills. This option is especially suited for those wishing to contribute to knowledge through in-depth research and/or those aspiring to a doctoral degree. The Master of Education degree is designed for educators whose goal is to provide leadership in teaching or administrative roles at the K-12 level. Master of Education students will be required to complete a professional project. The Master of Arts in Teaching is intended for practicing teachers who wish to improve or expand the area of their professional performance.

## **Graduate Degrees**

Master of Arts (M.A.) in Counseling Psychology (Non-Thesis and Thesis Options)

Master of Arts (M.A.) in Education and Master of Education (M.Ed.) in the following areas of specialization:

Curriculum and Instruction	Literacy Instruction
Educational Leadership	Students at Risk

Master of Arts in Teaching (M.A.T.) in the following areas of specialization:

Curriculum and Instruction	Instruction with Certification (Elementary)
Educational Leadership	Instruction with Certification (Secondary)
Literacy Instruction	Students at Risk

Most specialization options sufficiently meet individual needs. However, an applicant wishing to pursue a specialization in an area other than those listed above may submit an individualized program proposal to the School of Education and Psychology and to Graduate Council. The proposed program should consist of 45 credits or more, depending on the focus of study and the adviser's recommendation. At least 24 quarter hours (20 hours in M.A. programs) must be core courses that support the area of specialization. These core courses must be selected in consultation with the student's graduate adviser. It is recommended that the program include no more than 3 courses below the 500 level. However, exceptions may be made for unusual program needs. Additional credits needed for completion of the degree shall be selected in harmony with the degree requirements specified in this bulletin. An individualized program *must* be approved by vote of the School of Education and Psychology and Graduate Council *before* it is implemented. Only individuals who hold current teaching certification may propose an individualized specialization MAT program. To avoid confusion with existing degree programs, the graduate student and his or her adviser must devise a unique name for the individualized degree specialization.

## **Admission to Graduate Programs in Education and Psychology**

In addition to the general admission requirements listed earlier in this bulletin, the

## EDUCATION AND PSYCHOLOGY

School of Education and Psychology requires a satisfactory GRE score on the general exam for M.A. and M.Ed programs, three professional references, and a personally prepared statement of philosophy and purpose. Applicants who already hold a graduate degree from a regionally accredited institution or those applying to the M.A.T. program are not required to take the GRE general exam. An interview with one or more School of Education and Psychology faculty members may also be required. The quality of the statement of philosophy and the three *professional* references are significant factors in the decision process.

### **Prerequisites Applicable to All Programs**

In addition to general admission requirements described elsewhere in this bulletin, candidates for degrees in the School of Education and Psychology must meet all prerequisites listed under their chosen areas of specialization.

Deficiencies may be removed after admission to graduate study, but any credit earned thereby will not apply to minimum degree requirements. A plan for the removal of all deficiencies, including professional experience and/or certification requirements, must be approved by the School of Education and Psychology faculty. All deficiencies and program requirements must be satisfied before the degree is granted.

### **Requirements**

A Program of Study prepared on an official form must be approved by the program director and submitted to Graduate Council by January 15 of the final year of graduate studies (or two quarters prior to completion of the program). Official approval of this program will be acknowledged by a letter from the Dean of Graduate Studies. Forms for this purpose are available in the School of Education and Psychology office. All courses included in the degree program must be approved by an adviser assigned by the School of Education and Psychology. Any changes in the study program must be documented on a Program Change Form and require the signatures of the adviser, program director and the Dean of Graduate Studies. Unless specifically approved by Graduate Council, courses numbered below 350 will not apply for graduate credit. For the MA and M.Ed degrees a written comprehensive exam must be passed prior to defense of a thesis or project. Students in Counseling Psychology must also pass an oral examination. For the MA and MEd degrees the thesis or project must be successfully completed and defended, and all necessary forms must be signed, at least two weeks prior to commencement.

### **Second Master's Degree**

If degree requirements overlap with work already taken, a student seeking a second master's degree may petition Graduate Council for some reduction in the total number of required credits. A second degree must contain a minimum of 30 quarter hours, and include a thesis or professional project originated and completed within this School of Education and Psychology.

### **Teacher Certification**

Walla Walla College is a state and denominationally approved teacher education institution; and, as such, is authorized to recommend students for initial certification in the State of Washington and in the Seventh-day Adventist Church. The School of Education and Psychology can also assist students who seek to renew their certificate or wish to apply in another state or province.

## EDUCATION AND PSYCHOLOGY

Since certification requirements are subject to frequent change, students seeking to qualify for either residency or continuing/professional certification should consult with their advisors, the Certification Officer, or the Dean of the School of Education and Psychology early in their programs. Information on teacher certification requirements, including appropriate check sheets and other aids, is available from the Certification Officer.

### COUNSELING PSYCHOLOGY (M.A. non-thesis option)

This option is designed for individuals who seek the skills to practice counseling in a private or agency setting. The program provides strong preparation for the National Counseling Examination (NCE) or the National Clinical Mental Health Counseling Examination (NCMHCE), state certification as a mental health counselor and certification as a National Certified Counselor (NCC).

**Specialization Prerequisites** All applicants must have completed General Psychology. Applicants who have not completed course work in Human Development, Statistics, Abnormal Psychology and Personality/Counseling Theories, or their equivalents may be required to attend intensive classes held before fall quarter begins. All applicants will be interviewed by one or more School of Education and Psychology faculty members.

Once a student is accepted, a \$100 nonrefundable deposit is due by May 1 to reserve a place in the counseling psychology program. This deposit will be applied toward tuition charges when the student enrolls. Students accepted after May 1 should make this deposit as soon as they receive an acceptance letter. Accepted students who miss the deposit deadline may lose their place in the counseling psychology program. The deposit check should be made payable to Walla Walla College and sent to School of Education and Psychology, 204 South College Avenue, College Place, WA 99324; the student's name and social security number should be included to insure proper credit.

Wilma Hepker, Dean; Standley Gellineau, Director of Graduate Program; Bobbie Sue Arias, Cindee Bailey, James Boyd, Paul Cimmino, Pam Cress, Karen Emerson, Cindy Fleischer, Doug Fleischer, Kevin Grussling, Randi Hankins, Barbara Hernandez, Harriett Hilario, Mary Jenny-Saltmarsh, Lana Martin, Marja McChesney, Janet Ockerman, Nancy Peters, Susan Smith, Ann Szalda-Petree, Heather Vonderfecht, Dan Yazak

The School of Social Work offers a two-year graduate program that leads to a Master of Social Work degree. The program has a clinical focus and takes a direct practice/systems approach to social work education by integrating theory and practicum experience. The MSW program is fully accredited by the Council on Social Work Education.

In addition to the two-year program (six quarters), a one-year (four quarters) Advanced Standing program is offered for those who have graduated with a Bachelor of Social Work degree from an institution whose program has been accredited by the Council on Social Work Education.

Social Work is a profession dedicated to improving quality of life. The Christian campus setting and the religious values of Walla Walla College complement the caring aspect of the social work profession and provide an appropriate environment for a social work program.

The objectives of the program are to prepare graduate social work students to:

1. practice social work in clinical settings at an advanced level;
2. practice in both rural and urban settings;
3. exercise clinical skills in dealing with the variety of addictions that are encompassed in our present day society;
4. work with children and families, including such areas as child protective services, foster care, adoptions, domestic violence, incest and divorce;
5. develop clinical expertise in health and mental health;
6. practice school social work;
7. work as social work educators.

**Advanced Standing** status is available to students with Bachelor of Social Work degrees earned from accredited institutions within the last six years with a 3.00 or better grade-point average for the social work curriculum. The School of Social Work admissions committee reserves the right to accept or reject applications for Advanced Standing based on its judgment of the student's response to admission criteria.

**Transfer Students.** Classroom courses and/or supervised field practicum completed in other nationally accredited graduate schools of social work may be accepted for credit toward the MSW degree when such courses and supervised field practicum are considered equivalent to work offered in the WWC social work program. Students thus accepted must complete at least 40 hours of graduate credit while in residence at Walla Walla College for the MSW degree. For policy on transfer credit, see page 19.

## SOCIAL WORK

### MASTER OF SOCIAL WORK

All students must take a core of foundation courses during the first year, except those who have completed the core curriculum at the undergraduate level and have been admitted with advanced standing. Advanced level students will begin their classes in the summer preceding the second year of the program or the fall, thereby completing the graduate program in four quarters. The program offers several areas of practice emphasis: Health and Mental Health, Children and Families, School Social Work, Addiction, Aging, and Child Welfare.

Study of the social issues of aging and the social work practice response to these issues, with particular reference to community and family resource obligation.
- SOWK 537 SOCIAL WORK RESEARCH** 3  
An introduction to the principles of scientific methods as applied to social work and the professional epistemological debate. Various designs are presented, along with basic research methods, such as problem formulation, empirical literature review, operationalization, instrumentation, scaling, sampling, data collection, and single subject design. A research project proposal will be completed by the end of the course.
- SOWK 538, 539 RESEARCH APPLICATIONS IN SOCIAL WORK I, II** 1;1  
Continuation of social work research, emphasizing data analysis, reporting, and utilization. Students will use computer-assisted statistical software and complete a final research report. Prerequisite: SOWK 537

## SOCIAL WORK

### **SOWK 540 ADVANCED CLINICAL EVALUATION 3**

Advanced clinical evaluation skills for assessing effectiveness of intervention with single subjects and groups will be presented. Content will include: identification of problems and goals, clinical measuring and recording, principles of behavioral observation, methods of making rating scales, client logs, unobtrusive measures, and experimental designs. Computer-assisted clinical evaluation software will be used to analyze data collected during the student's practice setting. Prerequisite: SOWK 541, Advanced Standing or SOWK 539; Corequisite: SOWK 530.

### **SOWK 541 ADVANCED PRACTICE 3**

This course emphasizes clinical social work practice skills with individuals and knowledge of social problems commonly presented for therapeutic intervention. Students will apply their knowledge of theories for practice, demonstrate practice skills, look at ethical conflicts in practice, and develop professional use of self awareness. Prerequisite: Advanced Standing or SOWK 518; Prerequisite or Corequisite: SOWK 542; Corequisite: SOWK 530.

### **SOWK 542 DYSFUNCTIONAL BEHAVIOR IN CLINICAL SOCIAL WORK 3**

The focus of this course is on the biological, psychological, social and environmental forces that impact upon behavior and functioning of moderately to severely impaired persons. It is designed to familiarize the advanced practitioner with standardized diagnostic criteria and processes used within the field to categorize deviant and dysfunctional behavior. Prerequisite: Advanced Standing or SOWK 525.

### **SOWK 543 SOCIAL WORK LEADERSHIP AND ADMINISTRATION 3**

Considers leadership and organizational theory; organization development and structure; leadership skills and decision making; principles of administration, including budgeting; and service delivery. Incorporates macro focus.

### **SOWK 544 POLICY ANALYSIS AND ADVOCACY FOR CLINICIANS 3**

This course builds on the student's foundation of social welfare policy and social work practice to emphasize the integration of policy-practice as a social work intervention. Specific policy issues relevant to professional social work are examined by connecting the practice of clinical social work with its responsibility to affect social change. Prerequisites: SOWK 514; Advanced Standing.

### **SOWK 545 CLINICAL TREATMENT OF FAMILIES II 3**

The second in a 2-course sequence of family therapy interventions. Second-wave cybernetic approaches and postmodern influences in the field of family therapy will be presented. Emphasizes theory-guided models of therapy and emphasizes the practice of family therapy as distinct from case management. Prerequisites: SOWK 534 or permission of instructor.

### **SOWK 546 CLINICAL TREATMENT IN SEXUAL ABUSE 3**

Assessment, treatment and risk management of adult and child survivors of sexual abuse; current understanding of psychological characteristics of adult and adolescent offenders of sexual abuse; psychological sequence of sexual abuse of childhood victims and their clinical presentation to social work practitioners. Prerequisite or Corequisite: SOWK 541.

### **SOWK 547 CHILDREN AT RISK 3**

Study of intervention strategies when working with children at risk, in social services, school, medical or community settings. Specific issues discussed include: child abuse and neglect, behavior management, family and child assessment, teen pregnancy and suicide, adoption and out-of-home placement, legal implications of working with children, and counseling techniques.

## SOCIAL WORK

- SOWK 548 COMPARATIVE THEORIES OF SOCIAL WORK PRACTICE** 3  
Study of intervention strategies, change theories, and therapeutic techniques employed at individual, family, and group levels. Emphasizes criteria for selecting alternative approaches and appropriate intervention activities.
- SOWK 549 ATTACHMENT THEORY THROUGH THE LIFE SPAN** 3  
Explores aspects of attachment through the life span and the implications for practice. This course begins with an examination of paren-infant and childhood attachment, considers attachment in adulthood and middle-adulthood, and concludes by looking at attachment in later life. Prerequisite: Second year standing or permission of instructor.
- SOWK 550 PROTECTIVE AND SUBSTITUTE CARE OF CHILDREN** 2  
Intervention skills to provide protective services for children of disrupted families, and permanency planning for children.
- SOWK 551 FAMILY VIOLENCE** 3  
Theories of behavior accounting for family violence; methods of prevention, intervention, and treatment of intra-family violence. Prerequisite: Second year standing or permission of instructor.
- SOWK 552 CLINICAL TREATMENT OF CHILDREN AND ADOLESCENTS** 3  
Neuroses, psychoses, and other behavior disorders – their assessment and treatment in children and adolescents. Prerequisite: SOWK 541.
- SOWK 553 LEGAL ASPECTS OF SOCIAL WORK PRACTICE** 3  
The laws and legal issues governing social work practice. Both legal and psycho-social perspectives considered.
- SOWK 554 INTERGENERATIONAL RELATIONSHIPS** 2  
The course examines social issues and relationship dynamics from an intergenerational perspective. Intervention approaches are examined that focus on the promotion of positive interaction between people from different generations.
- SOWK 555 SCHOOL SOCIAL WORK** 3  
This course is intended to familiarize students with the history, legalities, and practice of social work in an educational setting. This course will describe how social work knowledge, skill, and values provide an ecological approach to preventative, crisis, and remedial care for school children and their families. Required of all school social work practicum students.
- SOWK 556 PLAY THERAPY** 3  
This course covers varied play therapy theories from directive to non-directive. Includes practice of techniques; and discussion of issues and research unique to children and families.
- SOWK 557 SOLUTION-FOCUSED BRIEF THERAPY** 3  
Methods of collaboration and cooperation with clients to set up goals for treatment. Focus on client's previous successes and on solutions. Prerequisite: Second year standing.
- SOWK 558 COGNITIVE AND BEHAVIORAL THERAPY** 3  
Includes theory and practice of relatively short-term, problem-focused intervention styles. Interventions learned include cognitive therapy, relaxation training, and systematic desensitization as applied in various social work practice settings. Lecture, small group work, and role playing with a hands-on practice-oriented approach. Prerequisite: Second year standing or permission of instructor.

## SOCIAL WORK

**SOWK 560 CLINICAL TREATMENT IN ADDICTIONS** 3  
Chemical dependency and other addictions – a comparative study of their etiology, diagnosis, and treatment. Prerequisite: SOWK 577 or permission of instructor.

**SOWK 561 PHYSIOLOGICAL EFFECTS AND PHARMACOLOGY OF ALCOHOL AND DRUGS** 3  
The absorption, metabolism, excretion, and pathology of drugs and alcohol, and their behavioral effects. Prerequisite: SOWK 577 or permission of instructor.

**SOWK 562 CLINICAL SKILLS WITH ADDICTIVE FAMILIES** 3  
Chemical dependency and other addiction-related problems in the family. Includes study of compulsive behaviors such as overeating, workaholism, relationship addictions, etc. This course integrates recent knowledge from the field of addictions with the knowledge of solution-focused family therapy to enhance the practitioners' clinical skills with addictive families. Prerequisite: SOWK 541, SOWK 577 or permission of instructor.

**SOWK 563 GRANTSMANSHIP** 2  
This course will provide a in-depth opportunity in all areas of grantsmanship, including finding funding sources, developing a needs assessment and problem statement, writing narrative and rationale sections, writing goals and objectives, activities, evaluation, budget, and time line. The student will prepare an actual grant application.

**SOWK 564 REALITY THERAPY** 3  
Historical and theoretical background of this approach and the application to individuals, couples, families and groups. This approach is particularly useful with unwilling clients such as court-referred individuals, perpetrators of violence, delinquent adolescents, and persons abusing chemical substances. Use of lecture, video, live demonstrations and individual role-play practice will be utilized. Prerequisite: Second year standing.

**SOWK 565 ATTACHMENT THEORY AND THERAPLAY** 2  
This course will explore the interactional basis of parent-infant attachment disruptions. Theraplay bonding and attachment techniques, designed to enhance attachment, raise self-esteem, improve trust in others, and create joyful engagement, will be presented and practiced by participants. Prerequisite: Second year standing or permission of instructor.

**SOWK 566 OBJECT RELATIONS THEORY** 2-3  
An introduction to the psychoanalytic treatment model for long term therapy in contrast to the brief models. Course includes historical development of ORT, assessment, interventions and integration with other models of therapy. The students who register for two credits for the course as a survey of the theory will focus their research to a particular aspect of the model that they would like to understand more fully. Students desiring to register for three credits would complete an in depth research study of the theory and integrate their knowledge with a clinical practice application. Prerequisite: Second year standing, SOWK 541.

**SOWK 567 SELFCARE FOR SOCIAL WORKERS** 2-3  
Promotes an understanding of the importance of self care for social work professionals. Covers both personal and professional self care issues. Helps students learn the techniques available to prevent burnout and develop a self care program.

## SOCIAL WORK

- SOWK 568 GESTALT THERAPY** 3  
This class will cover extensively the theoretical foundation of Gestalt Therapy. It will examine its historical roots in psychoanalysis as well as its current state of development.
